# **INNOVATIVE MOVING & RIGGING SOLUTIONS WITHOUT LIMITATION.**

## **> SPECIALIZED HEAVY RIGGING AND TRANSPORTATION**

Growth in the area of moving huge equipment like generators, vessels and bridges has led Omega Morgan to jobs around the world. Our highly trained teams can move almost anything. In addition to top-notch employees, we have state-of-the-art rigging and transporting equipment.

## **> MACHINERY MOVING AND MILLWRIGHT SERVICES**

Machinery moving includes industrial equipment moves, turnkey plant relocations, disassembly, removal, transportation and installation/assembly of manufacturing equipment and warehousing, as well as the operation of trans-load facilities to support rail-to-trucking operations for the wind industry.

## **> PROCESS EQUIPMENT MOVES**

Focused on rigging services for the hi-tech industry, we install and relocate precision process equipment, especially in the semiconductor, solar and other hi-tech industries. Among our services are assembly, disassembly, and the metrology of all types of machinery, and crating services. Our teams install seismic equipment, as well as demolition of equipment, pedestal installation, and hi-tech crating.
