

General Product Offering

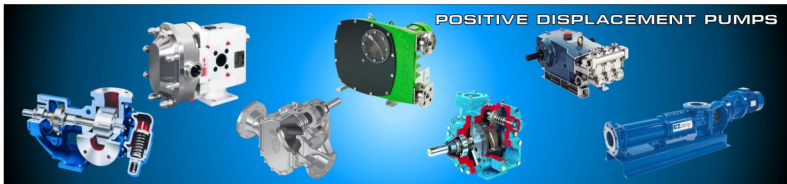

CENTRIFUGAL PUMPS

Vertical Turbine, Multistage, Split Case, Inline, ANSI Process & Slurry Pumps

- Available in various metallurgies & non-metallic materials
- Clean fluid & solids handling capabilities
- Chemical abrasive handling slurry pumps
- For water distribution, chemical process, boiler-feed, chillers & cooling towers

POSITIVE DISPLACEMENT PUMPS

Gear, Vane, Rotary Lobe, Peristaltic, Piston & Progressing Cavity Pumps

- Available in various metallurgies & non-metallic materials
- High viscosity, high temperature, high pressure, large solids & self-priming
- Applications include chemical, petroleum, asphalt, food processing, beverage, pharmaceutical, biotechnology & sludge transfer
- FDA, 3A & EHEDG Compliant

DEWATERING, SUMP & SEWAGE PUMPS

Self Priming & Submersible Solids Handling Pumps

- Available in various metallurgies & non-metallic materials
- Self priming skid or trailer mounted pumps for construction use
- Available in vertical, horizontal & submersible configurations
- Applications include solids, abrasives, high temperature & chemical
- Portable & permanent mount pumps
- Submersibles easily retrofit most lift station with guide rail adapters

CHEMICAL PROCESS & METERING PUMPS

Designed for Pumping Hazardous, Aggressive & Hard-to-Seal Liquids, High Purity Chemicals, Solvents, Acids & Bases

- Available in various metallurgies & non-metallic materials
- A variety of technologies for chemical transfer & injection
- Sealless, magnetic drive options available
- Complete packaged metering pump skids

DIAPHRAGM PUMPS

Diaphragm Pumps for Tough Applications

- Available in various metallurgies & non-metallic materials
- Pneumatic & electric driven
- Self priming, high solids, dead head, lube free & run dry capabilities

- Flows to 275 GPM & pressures to 300 PSI
- Available sizes: 1/4" to 4" discharge
- Clamp-band & bolted styles available

MIXERS

Submersible Mixers

- Submersible mixers & flow boosters to keep solids in suspension
- Many sizes are available

FILTRATION

Filter Vessels, Media & Basket Strainers

- Vessels & strainers in various metallurgies & non-metallic materials
- Bag & cartridge media available in a variety of sizes & micron ratings

PACKING & MECHANICAL SEALS

Sealing Solutions

- High quality packing, cartridge seals & seal support systems for tough applications
- Seal configurations include, single, double, split, slurry & more

COATINGS, LUBRICANTS & MRO

Industrial Coatings, Lubricants & MRO Products

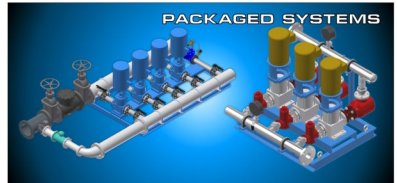

- Protective coatings for metal & concrete surfaces. Applications include abrasion resistance, chemical resistance & more
- Lubricants and other MRO products to optimize equipment life

MOTORS & CONTROLS

Motors & Controls

- Complete line of motors including horizontal, vertical & submersible
- Pump controls & pump condition monitoring solutions are available

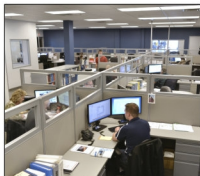

PACKAGED SYSTEMS

Packaged Systems

- Custom packaged booster systems built to meet your requirements
- In house CAD design

MACHINING AND METAL FABRICATION

ABOUT PHOENIX PUMPS, INC.

Since 1985, Phoenix Pumps, Inc. has offered premium products for the industrial, mining, municipal and construction marketplaces. Our headquarters resides in a 41k square foot facility located in Phoenix, Arizona. Our large inventory provides immediate delivery for critical equipment. Our territorial coverage includes Arizona, Nevada and New Mexico.

APPLICATION ENGINEERING

Strong inside sales support and application engineering is the key to our success. Our project engineering department can provide in-house CAD design and is dedicated to solving all of your pumping applications. With decades of experience under our belts, we have the knowledge and expertise to get the job done right and on schedule.

SERVICE CENTER

Our factory-trained technicians are committed to quality repairs in a timely manner. As a certified warranty repair center, you can rest assured that your equipment will be built to factory specifications. Services also include in-house machining, dynamic balancing & metal fabrication. All of our repair services are backed by a 1 year warranty!

FIELD SERVICE

Phoenix Pumps, Inc. offers field services at your site including repairs, retrofits, laser alignments, vibration monitoring, planned maintenance, start-up assistance, training & turn-key installations. Our field service technicians are committed to bring your system back up quickly. Our 24-hour service line is available for emergency services.

1 YEAR SERVICE WARRANTY
