

MANUFACTURING AND PRODUCTION CAPABILITIES

STEEL PIPE & CASING MILL

HSAW/SPIRAL

16"OD TO 60"OD

.135W-.625W

AWWA C200/A53B/A139B-E

A252-2/3 - X42/X52

and other grades available

Full Hydro Testing

On-site Lab Complete Testing

MTR's & Test Reports

20' - 60' Lengths

Beveled, Belled, Grooved, Plain Ends

FABRICATION

Design Layout Engineered Drawings

Certified & Experienced Welding

Custom Fittings, Flanges, & Piping

MPT/PT/X-Ray Testing & Tracking

CEMENT LINING & COATING

AWWA C205/C208 – Cement
NSF 61 Certified for potable Water

API & ASTM

For Mid-Temps up to 400 Degrees
Mild Corrosion & Abrasion & Pressure

**Custom Mixes Available*

PRE-KRETE C7 & G8

For High-Temps up to 1000 Degrees
High Abrasion & Corrosion
High Compression Strength for Pressure
Effective: Acids / Chemicals / Sulphur
Thermal Stress Expansion with Steel
Self-Healing & Smoothing - Cracks
And successfully used for brine solutions and
slurry/sour service for over 30 years.

**IP-Only Lining Manufacturer in USA*

EPOXY & POLYURETHANE LININGS & COATINGS

Liquid & Tape Wrap applied:
FBE, ARO/MRO, POWERCRETE-J
*High temp – 3LPP/PE & NGG &
Foam Insulation & HDPE

**Many More Options Available*

DOWN-HOLE PIPING & WELL CASING

Custom Threaded & Coupled end solutions
& API Certified – Any Grade Piping
Linings & Coatings for all applications & solutions

LINING:

3" to 55" OD
up to 42' lengths

COATING:

3" to 55" OD
up to 60' lengths

**Custom Options Available*

FREIGHT OPTIONS:

Truckloads, IP Rail Spur & Close to LA/LB Ports
