

**YOUR MINING INDUSTRY
ASSET RELIABILITY PARTNER**

Mobile Equipment

Application	Product	Benefit
Diesel Engines	Spectra Xtreme CK-4 Series	Advanced Performance Synthetic engine oils designed for extended drain intervals in severe duty applications
Transmissions and drivetrains	Certified TO-4 10W, 30, 50 Spectra Xtreme TO-4 MG All Seasons Spectra Xtreme Arctic TO-4	Multi grade Synthetic transmission and drive train oils designed for exceptional fluidity to reduce wear year round
Hydraulics	HOC Xtreme Series Spectra Xtreme Arctic 32 Spectra MV NZ (Zinc Free)	Synthetic hydraulic oils designed for extended drain intervals in severe duty applications
Gears and Axles	Certop Series Certop Syn Series	Advanced Performance Gear Oils formulated with specific additives to reduce dry start, water contamination, and leaking seals
Walking Cam Lubricant	Spectra Xtreme Walking Cam Lubricant	Advanced Performance Walking Cam lubricant designed with Nano technology to reduce wear and improve coverage
Other Severe Duty Applications	Premalube Premalube Xtreme Arctic Premalube	Advanced Performance EP greases formulated with moly & graphite to give extremely high EP specifications
Open Gear	Hi Gear Xtreme OGL Hi Gear Plus OGL	Synthetic OGL designed with Nano technology to increase pumpability and reduce wear

Material Processing Equipment

Application	Product	Benefit
Gears and Circulating Systems	Certop Industrial Series Certop Industrial Syn Series Certop 600 Series	Advanced performance gear and circulating oils designed to reduce wear and extend drain intervals
Open Gears	Hi Gear Xtreme OGL Hi Gear Plus OGL	Synthetic OGL designed with Nano technology to increase pumpability and reduce wear
Electric Motor Bearings	Lithiplex	Advance Performance Synthetic Blend grease specifically designed for electric motor and fan bearings
Air Compressors	Syncom Series Mult-Oil Twin-Lube	Synthetic compressor oils designed for extended drain intervals to reduce oil consumption

Hoisting

Application	Product	Benefit
Drum Hoist Rope Lubricant	Apex Xtreme Wire Rope Dressing	Synthetic Blend wire report lubricant designed with Nano Technology to reduce sling off, increase penetration, and reduce friction between strands of wire rope

Fueling

Application	Product	Benefit
Diesel Fuel	Fuel Quality Assurance Program	Certified's 4 step program to ensure the quality of your diesel fuel meets todays requirements. Components include Sterilization of Fuel Tanks, Diesel fuel Treatment, Auto Injection Delivery System, and Fuel Testing to verify results
